REVISED School Supply Lists and School Supply Boxes: Ship to Home Ordering Opportunity

In light of the restrictions for sharing school supplies at the start of the school year, we needed to revise school supply lists. You will notice changes in red on the attached document. For anyone that wishes to place an order for a school supply box, there is ordering information below, but please note that the items in these boxes will not contain the newly revised items on the list so those will have to be purchased separately. Additionally, we understand that the sanitizing products (ex. Lysol Wipes, Hand Sanitizer, Disinfectant Sprays, etc.) may be difficult to find at this time. We appreciate any items that you can send. Thank you for your support.

The following message is being sent on behalf of Mrs. Katie Bailey, our School Tool Box Coordinator.

Please see the attachment that includes information about our School Supply Ordering Program. It contains an opportunity to order your child's school supplies using the Ship to Home option offered by the School Tool Box Program.

Click [HERE](#) to order. Please note: they are now offering an expedited service for parents that need their boxes quickly. These boxes will leave their warehouse in 3 days or less for \$14.99.

If you have any questions, please contact Mrs. Katie Bailey (Bailey.Katie.Lynn@gmail.com).
