

June 2017

Incoming 4th grade parents,

Mrs. Pietsch has listed the summer reading instructions on the FAW website. Our summer reading program consists of reading, a project assignment, and Language Arts IXL. More information about the reading assignment can be found on the website.

In addition to the summer reading assignment, students are responsible for completing at least 10 Math IXL lessons (your choice of lessons from the 3rd grade level). These lessons should be completed with a score of at least 85%. All of these lessons are due the first day of the 2017-2018 school year.

Please let me know if you have any questions. Have a safe and fun summer, and I look forward to working with your child next year! ☺

God Bless!

Mrs. Young
