

Dear Families of Father Andrew White School,

Thank you so much to all of you who supported our Annual HSA Social & Auction! It was a wonderful evening of fun and we appreciate our sponsors and those who donated to helping our school continue to be the wonderful place it is today. A special thank you to Mrs. Jenna Mattingly and her team of volunteers who organized the event!

We celebrated Earth Day yesterday with the middle school students from the Eco-lution elective designing activities for all of our classes. With the assistance of Mrs. Haley, the students prepared projects using recycled materials for PK-2nd grade students, organized a National Park scavenger hunt for the 3rd - 5th graders and the planting of flowers along with grounds clean up for the middle schoolers. Thank you to Mrs. Haley for guiding the students and working on behind the scenes tasks to ensure that our students understand the significance of caring for our environment! Thank you to our Eco-lution elective students who also assisted in classrooms, helping the younger students with their projects. This was a great leadership experience!

We recognized our fourth and fifth graders who participated in the SMECO Math Challenge. Thank you to Mrs. Downey and Mrs. Haley for preparing our students and having fun with Math!

MAP Growth testing has been proceeding well! The students are working diligently and demonstrating their knowledge!

We are excited for our students to begin receiving their sacraments of Confirmation and First Holy Communion. Please keep our students in your prayers and encourage their continued presence at Mass by taking them to Church on weekends. We are so blessed to have many opportunities for the worship of God and know that only through a deep faith in Him do we find true meaning in our lives.

*"As for me and my house, we will serve the Lord"* Joshua 24:15
