NOTES FROM NURSE ROSE

Spring allergy season is upon us once again! Many people have treatment plans in place, including daily medications (antihistamines, nose sprays, eye drops) to help alleviate their symptoms. For those with asthma, it's important to keep prescriptions up-to-date for inhalers and nebulizers, and to maintain contact with health care providers, as needed. For certain medications, parents often keep a supply at school so they are available to be administered if needed. Additionally, hydration is essential, so please be sure to send a water bottle with your student every day.

While we can pretty much guarantee that pollen will be plentiful throughout the spring, here is a link to monitor the daily asthma and allergy forecast: <https://allergyasthmanetwork.org/weather/>

Golden Apple Award Winner

We are so excited to announce that Mrs. Guerre, our 1st grade teacher, is a Golden Apple Award Winner! This award is given annually, to ten teachers in the Archdiocese of Washington, who demonstrate excellent teaching skills, display kindness and compassion to their students and are passionate about passing on the Catholic faith to others!
