## NOTES FROM NURSE ROSE

While the flu season is technically halfway over, there are still many cases of the flu and Influenza Type Illness in our area. The overall respiratory illness activity in Maryland is currently rated as “High” with Flu A being predominant, along with some RSV and COVID-19. Other illnesses currently being seen include the norovirus (or stomach bug) and the common cold (caused by various viruses). For reporting purposes, all illnesses that present with typical flu symptoms (such as fever, fatigue, cough, sore throat, congestion) are categorized as “Influenza Type Illness.” When the number of these cases is high within a certain population (such as school), it is reported to the local health department, and an outbreak may be declared. We’ll keep praying that FAW does not reach that status, but if it does, you will be notified. In the meantime, keep washing your hands, and stay healthy!

### COLD SYMPTOMS

- loss of appetite
- sneezing
- cough
- runny nose
- lacrimation
- sore throat

## COLD or FLU?

### FLU SYMPTOMS

- heat
- weakness
- headache
- drowsiness
- increased sweating
- muscle pain

The financial aid application is open and we encourage you to fill it out early. To qualify for any tuition assistance, you must submit this application. Once you have completed the application, please keep an eye on your email for any requests for additional information from FACTS - failure to provide any requested information will result in an incomplete application, which will not be considered for financial aid.

The **due date is February 27, 2026**. The application will request 2024 tax information, so there's no need to wait to start your application.
